## 5 REASONS TO ADD A SUNROOM

*Thinking about adding a sunroom to your home? Here are just a few of the many benefits to be experienced:*

### **1 EXPANDED LIVING SPACE**

A new sunroom instantly increases the livable space of your home, and makes the time you spend there more enjoyable. You can get away from it all without ever leaving your home.

### **2 NATURE VIEWS**

Surround yourself with the beauty of the outdoors with the comfort of the indoors. From the first buds of spring, to the freshly fallen snow, a sunroom gives you a front-row seat to the changing seasons.

### **3 A MORE RELAXED YOU**

A sunroom lets in more light, which can provide a host of relaxing benefits, such as; stress reduction, mood elevation, and better sleep. It is the ideal place to rest and relax.

### **4 SPACE FOR FRIENDS AND FAMILY**

A sunroom is the perfect place to enjoy company - your sunroom is built to entertain guests and bring the family together.

### **5 A WISE INVESTMENT**

Discover how affordable adding a sunroom to your home can be - often at a fraction of the cost of other home additions. Should the time come to sell your home, the extra room and panoramic views can be very appealing to prospective buyers.

The perfect choice if you want natural light and views of the outdoors year-round. An all-season sunroom has full heating and air conditioning capability and is outfitted with the maximum insulation to keep the room comfortable in both the warmest and coolest of weather. Our all-season sunrooms bring together best-in-class components for flawless performance. Here is a closer look:

**1 Insulated Roof Panel I-Beams**

- I-beams are the strongest load-bearing structures available
- Thermal break helps keep the I-beams from conducting cold and heat into your room
- Choice of 4- or 6-inch roof panels
- High R-value and rot-resistant performance
- Lightweight cores create less stress on your walls and foundation

**6 Energy Efficient Glass Windows**

- Superior U-Factor helps keep warm air in and cold winter air out
- Lower Solar Heat Gain number helps keep summer heat out and cool air in
- Superb energy efficiency
- Blocks harmful UV rays to reduce fading of carpets, drapes, and furniture
- Your home is more comfortable year-round

**2 Load-Bearing Adjustable Header**

- Tilts to match the pitch of your roof
- Sealed to become part of the roof
- Enhances strength and the greater thickness supports a larger glass viewing area

**7 Energy Efficient Glass Doors**

- High-efficiency, double insulated, argon-filled glass
- Attractive, contemporary handles with mortised lock
- Heavy-duty engineering
- Dual-tandem rollers ensure smooth operation

**3 Center Post Mullion**

- Adds additional strength to your room
- Designed to conceal wiring
- Allows outlets to be attractively recessed

**8 Screen Doors**

- Patio-door quality
- Locking handles
- Fiberglass mesh will not bend or oxidize

**4 Six-Inch Insulated Knee Panels**

- Made to perfectly match the Champion stucco-embossed wall and roof design
- Designed to resist denting and scratching
- Cleans easily and will not yellow
- Panels also available in energy efficient glass

**9 Door-Sill Track**

- Recessed track prevents air infiltration, and ensures smooth operation
- Stainless-steel rollers stay rust-free, and are featured on all sliding windows and doors

**5 Six-Inch Corner Post**

- Large rectangular design engineered for maximum strength
- Screws are invisible
- Provides an attractive, maintenance-free exterior look

**ADDITIONAL FEATURES**

- Hidden connectors conceal screws and bolts for an attractive exterior and interior finish
- Raceway hides electric and phone wires
- No exposed aluminum means reduced condensation and a warmer room in the winter
- Larger glass expanses provide maximum panoramic views
- Optional/extra five- or six-inch seamless gutter is matched to your home

# THREE-SEASON SUNROOM

- 1 4-inch Fascia Trim**
- Attractively finishes the outer edge of the roof

- 2 Tempered Glass**
- Enhances safety and strength of the windows

- 3 Sliding, Locking, And Fully-Adjustable Screens**
- Long-lasting fiberglass that won't rust, dent, or corrode

- 4 Sleek, Easy-To-Grasp Indoor/Outdoor Handles**
- Features a mortise lock for ease of use, comfort, and safety
  - Available in white, tan, and antique brass

- 5 Interlocking Doors And Windows**
- Featuring full, deep-pile, weather-stripped sashes to minimize air infiltration and provide enhanced security

- 6 Adjustable, Stainless Steel Alloy Ball-Bearing Wheel System**
- Standard in all window and door units
  - Engineered to stay rust-free and glide easily on top of the raised monorail track

- 7 4-inch Insulated Foam Panels**
- Features a stucco-embossed laminated aluminum

- 8 Baked Enamel Finish On All Components**
- Provides extreme durability and requires no painting

- 9 Fully-Supportive, 4x4-inch Corner Posts**
- Designed for beauty and engineered for strength

- 10 Adjustable, Structurally Supportive Headers**
- Connects roof systems to wall units, provides strength, and accommodates varying degrees of roof pitch

- 11 Heavy-Gauge I-beam Mullion**
- Joins the window and door units while providing additional support for the roof

- 12 Gradually-Sloped, 5-Point, Anodized-Aluminum Threshold**
- Built for trouble-free operation with a self-draining raised monorail track that is easy to keep free of leaves and debris

- 13 Specially Designed Leveling Track With Bottom Sill Plate**
- Allows for precise installation on uneven surfaces

- 14 Bottom Sill Plate With Non-Corrosive Anchors**
- Features a specially formulated silicone sealant, providing a permanent barrier against water seepage

# ROOFING STYLES

All-season and three-season sunrooms are available with gable or studio roofs to complement your existing architecture. A gable roof has two pitched sides that meet in a peak, while a studio roof is a single plane that slants down from your existing structure.

# SUNROOM ALTERNATIVES

When an all-season or three-season sunroom won't fit your needs, we have a few additional options that will transform an existing area of your home into a more enjoyable space.

## PATIO ENCLOSURES

Screen in your existing porch or deck to enjoy the cool summer breeze, or add glass to extend your use of the space into the cooler months. A Champion porch enclosure will enhance the overall appearance of your home while maintaining the existing views. Minimal on-site construction makes this upgrade a quick and easy option.

## SCREEN ROOMS

This is a beautiful choice if you are looking to provide shade over an exiting patio. A screen room creates an area where you can relax away from direct sun, lets in the cool breeze, and keeps pests out. A Champion screen room is engineered to be more sturdy than other typical screen rooms on the market, and it adds seasonal outdoor living space to your home.

## PATIO COVERS

This a great option if you're looking to provide shade over an existing patio, creating an area where you can relax away from direct sun while your patio still remains open to the fresh air and cool breezes. Depending on the style of your home, you can choose from our gable or studio style roof to complement your current architecture. A patio cover is designed to be enjoyed on its own, but also gives you the option of easily adding glass or screens in the future if you so choose.

### SLIDING WINDOWS IN A CHAMPION SUNROOM

By far the most popular choice in sunrooms, sliding windows are durable and easy to operate. Unlike the smaller slider windows you may have elsewhere in your home, sunroom sliders function much more like sliding glass patio doors. They allow in plenty of light with unobstructed views and maximize the air flow in your sunroom on nice days.
